## ***NALA(STEM) is proud to announce the Community College Mentorship Program!***

NALA(STEM) is proud to announce the Community College Mentorship Program!

This 8-week mentoring experience (held June 17 until Aug 19) is designed for STEM students enrolled or matriculating into a community college or 2-year school during the 2024-2025 school year.

Mentors with a degree in STEM and experience attending (or working in) a community college or two-year school are highly encouraged to apply.

Current/Past mentors welcomed to re-apply!

Mentees must be enrolled or matriculating into a community college or 2-year school during the 2024-2025 school year and be willing to participate for the entire duration of the program.

Registration has extended to June 1st so apply now!

# *Professional Opportunities*

AIDMM-NRT program is an NSF funded Research Traineeship (NRT) program to establish a world-class research and training program that Harnesses the Data Revolution to Enhance Predictive Multi-Scale Modeling across STEM.

## What's in the Program:

Innovative, flexible, and dynamic environment for interdisciplinary graduate education.

Three core courses on applications of Machine Learning and AI to mathematical modeling across STEM

Weekly cohort meetings focused on professional development and networking.

Targeted short courses on hot topics,

An internship at a partner site.

## Eligibility Requirements:

A doctoral student in the 1st or 2nd year of a PhD program at MSU or an incoming doctoral student. Students currently in their 3rd year should inquire with the program for eligibility. NSF funding is restricted to US citizens and Permanent Residents, however there is supplemental funding available from non-NSF sources to support other students.
